PROFILE

I am a college student in my second year at Willamette University in Salem, Oregon. I am currently enrolled in psychology and computer science degree programs. I am interested in game design; my main programming language is Python.

SKILLS

- Social Media Management
- Design Thinking
- Communication
- Learnability
- Problem-Solving
- Computer Literacy
- Project Management
- Organization
- Intermediate Japanese

EXPERIENCE

DOCK WORKER

Northstar Helicopters
Summer 2022

In this position I collected tourists who had signed up for my companies tour from their cruise ship and got them to their van. This required me to control and keep track of a large group of people as well as handling customer service issues that occurred.

OPENING DAYS LEADER

Willamette University
2022

I lead a group of new and incoming students, helping them get oriented to the campus. This involved making sure they felt comfortable and safe as well as answering any questions they may have had.

ASSISTANT SKI COACH

Juneau Ski Club
Winter 2018-2019

I coached children (ages 10-14) in ski racing. This involved leading drills, group coordination, race preparation, and problem solving to help them succeed in a challenging sport.

COMPUTER SCIENCE TEACHER

Coding Lab Japan
Summer 2023

I Taught coding classes of 1-12 children of ages 6-11. I mainly instructed using scratch as well as Minecraft education and other similar programs. I also assisted in creating lesson plans and coding projects.

EDUCATION

SECONDARY SCHOOL

Juneau Douglas High School
2010 - 2014

BACHELOR OF SCIENCE IN PSYCHOLOGY

(Expected May 2025)
Willamette University

BACHELORS IN COMPUTER SCIENCE

(Expected May 2025)
Willamette University
